VIGOROUS ACTION NECESSARY

Russian Premier in Message to Gover-
nors, Says Struggle is Against the
Enemies of Society and Not
Society Itself.

ST. PETERSBURG, July 24.—War to the knife with the revolution and the knife to the hilt was proclaimed today by Premier Stolypin who has addressed a telegram to the governor-general, governors and prefects throughout Russia and to the viceroy of the Caucasus advising them that disturbances must be suppressed and revolutionary movements put down by all legal means, but expressly states that the measures must be carefully considered. The telegram continues:

"The struggle is begun against the enemies of society and not society itself. Consequently wholesale repression cannot be approved of. Imprudent and illegal acts are likely to give rise to discontent instead of conducing to calm, and they cannot be tolerated. The intentions of the Emperor are immutable. The government firmly desires to assist in the amendment of the legal procedure and the laws hitherto enforced, which no longer serve their purpose. The old regime will be regenerated, but order must be fully maintained. You must act on your own initiatives as you are invested with the responsibility. Firm and vigorous steps taken on these lines will doubtless be upheld by the best of society."

Included in the "enemies of society" are not only revolutionists and socialists, but also the educated liberal and landed classes represented in the constitutional democratic party, whose clubs everywhere have been closed and progressive newspapers, which are not permitted to lift their voices anywhere throughout the land.

The war office is making careful preparations to resist trouble everywhere and both the government and the revolutionists expect the outbreak to occur in the south and to roll northward to the two capitals. This may induce the proletariat organizations to postpone a general strike at St. Petersburg until the contagion is borne up from the south. The strictest censorship over news of military disorders is maintained. The proposed scheme of an enlarged cabinet is not meeting with great success; many of those approached with the view of becoming members of the cabinet, flatly declining to accept the office.

Secret meetings of the "enemies of society" are being held in many places, discussing the best plans to throw the machinery of the government out of gear.

MINER'S UNION METHODS.

ST. PAUL, July 24.—A special to the Pioneer Press from Helena, Mont., says Alexander Fairgrove, president of the State Federation of Labor has been expelled from membership in the Mount Helena Miners' Union. Among the charges against Fairgrove is an alleged remark that Moyer, Heywood and Pettibone should stay in jail.

GHASTLY DEED OF FATHER.

Throws the Dead Body of His Daughter
Out of Coffin.

NEW YORK, July 24.—Charged with removing the body of his daughter from a coffin and attempting to throw it out of a window, Charles Anderson was called an "inhuman monster" by Magistrate Moss in police court yesterday. "My only regret," said the magistrate, "is that there is no adequate punishment for the crime. Civilization has never dreamed of such an outrage against decency, and the statutes provide no penalty in keeping with the malignity and horror of your act."

Witnesses said Anderson went to the home of his wife, on Park avenue, Monday, when the funeral was being arranged, drove his wife and other mourners out of the place, then deliberately tried to throw the body of his daughter out of a window. He was sent to the work house on default of bail of \$500.

MINING ENGINEERS MEET.

WASHINGTON, July 24.—A joint meeting of members of the American Institute of Mining Engineers and of the British Iron and Steel Institute was opened at the Institution of Civil Engineers here today and will last until July 28, inclusive. It will be followed by two days of visits and excursions.

COMPETITORS WERE SOAKED

Government Investigation of Illegal Re-
bates Given to Standard Going
On—Independents Had to Pay
Heavy Charges.

CHICAGO, July 24.—Oliver E. Pagin, special counsel for the government in the Standard prosecution arrived here yesterday with the transcript of the evidence in Cleveland.

Assistant District Attorney Hanchett, who left Chicago a week ago on his vacation and who was recalled to take up this case, put in the afternoon examining the evidence and the law as it bears on the investigation. He has two propositions to handle. In one the Standard Oil Company is charged with receiving special rates for transporting its oils from Whiting, Ind., to East St. Louis. The second is that the Standard Oil Company is not compelled by railroad companies to pay storage charges for its cars, although its competitors must pay a heavy charge or get no service.

Mr. Hanchett will confer with Special Attorney J. P. Marchand, of the Interstate Commerce Commission, now in Chicago who became familiar with the oil investigation when it was taken up by the commission some time ago.

EIGHT CHINESE PAY PENALTY.

Members of Triad Society Executed for
Murder.

SINGAPORE, July 24.—Eight Chinese belonging to the great Triad society have been executed at Kuching, the capital of Sarawak. They had committed several murders, and it is believed they intended to overturn the government.

The Triad is the greatest secret society in the world, its numbers being placed at two and a half millions, and being scattered all over the world.

In China the great object of its existence is the extinction of the Manchu dynasty and the restoration of the old Ming dynasty.

DEMENTED SOCIALISTS.

SALT LAKE, July 24.—The socialist convention held here, adopted a resolution condemning as "Anarchists" the governors of Idaho and Colorado for their actions toward Moyer, Heywood and Pettibone.

FACE SERIOUS SITUATION

Freight Congestion at Oak-
land Very Great.

NO RELIEF FOUND YET

Over Six Thousand Cars of Goods
Blocks Tracks and Hinder
All Traffic.

FREIGHT HANDLERS STRIKE

Freight Piles up in the Yards and the
Owners Refuse to Remove it—
Railroad Threatens to Raise
Storage Rates.

SAN FRANCISCO, July 24.—Between 400 and 500 freight handlers on the Southern Pacific struck today. Their action further complicates the freight tie-up in Oakland. The demand was for an increase of from 22 1/2 to 25 cents an hour, such as was granted the freight handlers on this side of the bay over a week ago.

Every hour adds to the serious nature of the freight tie-up which threatens to become a situation of the gravest peril to the city. In spite of the fact that all shipments of lumber have been forbidden from Oregon and Washington to this city, about 400 carloads of freight arrived today and added to the congestion already caused by 6000 cars which are awaiting unloading. A serious problem must be faced. The Southern Pacific officials have decided to make a personal appeal to consignees to unload their goods and if this is not successful other methods will be tried to force them to take the goods they have ordered. Lack of warehouse room is the principal cause of delay in the removal of shipments.

FREIGHT BADLY CONGESTED.

About Five Thousand Cars of Freight
Waiting in Yards at Frisco.

SAN FRANCISCO, July 24.—Congestion of freight on the Southern Pacific lines in and around San Francisco has become so serious that the railroad authorities are considering the adoption of drastic means to force merchant to unload their shipments promptly. About 5000 cars of freight are now waiting to be unloaded. Merchants are delaying through what they term lack of storage space. Among the unloaded cars are 1200 cars of lumber. The railway authorities see no good reason why lumber should not be promptly unloaded.

If the shippers do not assist in relieving the situation the officials say they may be forced to raise the daily storage charge on unloaded cars from \$1 to \$10 or possibly \$15.

MUST GIVE THE NEWS.

CHICAGO, July 24.—The growing practice of the suppression of divorce suits resulted yesterday in the issuance of an order by Circuit Court Clerk James J. Gray, notifying his deputies that all bills for divorce and separate maintenance must be given out for publication the day they are filed, whether service has been obtained on the defendants or not.

An order forbidding the indiscriminate suppression of divorce suits was issued by Charles Valle, clerk of the Superior Court. In some instances lawyers attempting to save their clients from notoriety in suits for divorce were deliberately giving fictitious names in the bills filed, or if the real names were given they induced the deputy clerks to suppress the bill for service.

SHOOTS HIS WIFE.

Husband of Domestic Kills Her and Then
Makes Good His Escape.

LOS ANGELES, July 24.—Mrs. Louis Hudson, aged 28, employed as a domestic by Dr. A. Hoag of 101 Los Robles avenue, Pasadena, was and killed in the Hoag residence last evening by a man believed to be her husband, from whom she has been separated for some time. The police were notified of the tragedy by a telephone in a child's voice and upon reaching the house obtained the details of the crime from the doctor's little son, who had witnessed the murder. The description of the man who had forced his way into the house and shot the woman after quarreling with her fitted William Hudson, her husband, who is a pipe inspector. The murderer fled from the house and is being sought by the police.

NO BODIES RECOVERED.

SPOKANE, July 24.—The Spokesman-Review's correspondent at the scene of last night's disaster in the wreck of the Great Northern, reports that none of the bodies buried in Diamond Lake have been recovered and that the efforts of a steam derrick to raise the submerged locomotive and cars have been unsuccessful. The known dead are six, but many believe the number will be increased to 12 or 15.

WILL NOT RETIRE

Congressman Littlefield Still Wants
His Job.

LABOR UNIONS AFTER HIM

Maine Representative is Marked For
Slaughter by Labor Union and is
Fighting Them—Have Him on
Their "Black List."

WASHINGTON, July 24 (Special).—Some little while ago we were regaled with the story that Congressman Littlefield of Maine had determined to follow the example of that other son of Maine, Thomas B. Reed, and retire from Congress to practice law in New York. He would not stand for re-election, the story ran and there were elaborate details of his plans for the legal conquest of the metropolis. Mr. Littlefield did not confirm the story nor did he deny it. At least, the denial never overtook the original tale.

And yet we find Mr. Littlefield fighting tooth and nail up in Maine to prevent the very thing for which he was said to languish, i. e., retirement from the House of Representatives. The labor union have him on their "black list" and are said to have injected a good deal of ginger into the contest.

Even with election day yet far removed, the situation became so alarming that Mr. Littlefield set up a Macedonian cry for help, more particularly the help of Speaker Joseph Cannon, who also is under the ban of labor. Mr. Cannon heard the cry, and responded with a note of sympathy. He will do all he can to save the scalp of Littlefield.

This is about the first return we have from the campaign organized labor announced it was going to wage against those members of Congress whose records and promises did not square themselves with the demands of the American Federation of Labor. Credit has been claimed for the failure of a couple of minor men to secure renominations, but in all these cases factional fights out more figure than the labor unions.

The case of Mr. Littlefield in Maine and the contests at other points where the unions have set out to defeat prominent men will be watched with interest by politicians of all parties. If the unions make good by defeating any considerable number of the men they have marked for slaughter, there will be a new force in American politics and one that must be reckoned with under all circumstances. It may come to pass that no man will dare become a candidate for office in their land of liberty unless he bears the O. K. mark of some walking delegate.

BRYAN MAKES ADDRESS

mentary Union.

tation on All Points

BRYAN'S SPEECH ELOQUENT

Nebraskan Says Amendment is Aimed
to Widen Scope of Arbitration
to Include Questions of Na-
tional Honor.

LONDON, July 24.—William J. Bryan's proposed rider to the model arbitration treaty was discussed at a session of the International Council of the Inter-Parliamentary Union this morning, and resulted in its being recast, as follows: "If a disagreement should arise which is not included in those to be submitted to arbitration, the contracting parties shall not resort to any act of hostility before they separately or jointly invite, as the case may necessitate, the formation of an international commission of inquiry or mediation of one or more friendly powers, this requisition to take place, in necessary, to accordance with Article VIII of The Hague convention, providing for a peaceful settlement of international conflicts."

On the resumption of the sessions of the conference today the above was unanimously adopted after speeches by former Austrian Minister of Commerce von Plener and Mr. Bryan, warmly supporting the amended rider. The latter said that his amendment was aimed at widening the scope of arbitration so as to include questions of national honor, the chances being a hundred to one that the proposed investigation of facts would also settle any question of national honor. If the hand of war could be stayed till the conscience awakened, wars would become more remote. The amendment, therefore, was a long step in the direction of peace. Mr. Bryan's speech was brief but eloquent, and aroused much enthusiasm among the delegates.

BRYAN FAVORS DOUMA.

Says He Was Sorry to See Parliament
Dissolved by Emperor.

NEW YORK, July 24.—A cable dispatch to a morning paper from London, says:

W. J. Bryan said yesterday that he was sorry to see the Douma dissolved. Premier Campbell-Bannerman had happily expressed the situation when he paraphrased the old saying: "The Douma is dead, long live the Douma," meaning that whatever may happen to the personnel of the Douma, as an institution it still lives. Mr. Bryan added:

"I am satisfied there will be no backward steps whatever the Czar may attempt to do. The recognition of the right of the people to self-government cannot be undone. I believe the Czar made a great mistake in ordering the dissolution. From my observation the members of the Douma are men with purposes and possessing ample qualifications to deal with the necessities of their country. The Czar should have treated with the Douma."

Mr. Bryan insists that the visit of Colonel M. C. Wetmore of St. Louis, was not for the purpose of inducing him to give up the idea of returning to the United States by way of New York. He said he would stick to his original itinerary. Mr. Wetmore will return with him.

GROCERS THANK ROOSEVELT.

National Retail Grocers' Association Up-
hold President's Pure Food Stand.

CHICAGO, July 24.—Through its executive committee which met here today, 150,000 members of the National Retail Grocers' Association, thanked President Roosevelt for the stand he took in regard to the pure food law recently passed by Congress.

"Although the law has some defects, it is a big step in the right direction," said John A. Greene, president of the Association. "It is the retail grocers who are just deeply concerned in the pure food movement and it was our association which started and help to maintain the campaign. We had a committee in Whittington and most of last session of Congress."

"We now will make a campaign in the various states for the making of laws to conform with the National Pure Food Law and to make convictions under the state laws possible. We predict that inside of two years the manufacture of impure food will be impossible." Other business considered pertaining mostly to the grocers national convention is to be held next January in Dallas, Texas.

moned by Telegraph to Return

ODESSA, July 24.—There has been no actual pogrom here today. Drunken Cossacks endeavored to instigate an anti-Jewish massacre in a suburb, but were scattered by the infantry, who instantly cordoned the Jewish quarter and threatened the annihilation of the Cossacks. The latter were withdrawn to their barracks by order of the commandments. The Jewish residents are terrorized.

STRIKE ON SATURDAY.

WARSAW, July 24.—Railway employees are awaiting the signal from Moscow to strike. It is expected the strike will begin next Saturday. Tracks and other railroad property are strongly guarded by troops.

TAMMANY TO SUPPORT HEARST.

NEW YORK, July 24.—Charles F. Murphy, leader of Tammany Hall, states it is possible Tammany will support Hearst for the democratic nomination for Governor of the next state convention. Hearst's opposition to Tammany last year may not make it impossible for Tammany to support him at the coming convention.

SAGE BURIED.

NEW YORK, July 24.—The funeral service of Russell Sage were held in the First Presbyterian Church at Far Rockaway this afternoon. The service were simple.

BUFFALO, July 24.—Paper makers in 33 mills of the international paper company in the United States, and Canada, have given notice that they will strike on August 6 unless the working hours are reduced to eight hours a day without a reduction in the scale of wages.
